Ranking Member  
Committee on Appropriations  
U.S. House of Representatives

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for Peck Avenue Storm Drain Infrastructure Improvement Project in fiscal year 2024. The entity to receive funding for this project is City of Manhattan Beach, located at 1400 Highland Avenue, Manhattan Beach, California 90266. The funding would be used to help mitigate flooding conditions for residential properties by funding the construction of storm drains and additional catch basins with water quality inserts. It would also include improvements to vegetation and biodiversity along Peck Ave. The project is an appropriate use of taxpayer funds because this Project will help mitigate flooding conditions for residential properties by funding the construction of storm drains and additional catch basins with water quality inserts.

The project has a Federal nexus because the funding provided is for purposes authorized by 1948 Flood Control Act, Section 205, Flood Damage Reduction Projects.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Ted Lieu  
Member of Congress
