The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Water Reliability Project in Fiscal Year 2026. The entity to receive funding for this project is the City of Beverly Hills, located at 455 North Rexford Drive, Beverly Hills, CA 90210. The funding would be used to improve water quality, reduce water age and stagnation, and enhance system reliability for the City of Beverly Hills. The project is an appropriate use of taxpayer funds because it will strengthen the water system performance, protect public health, and contribute to long-term water resilience in climate variability in the State of California.

The project has a Federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Ted W. Lieu
Member of Congress
